About this Bingo / Matching Activity

Mothers Day

Thank you for purchasing this bingo / matching activity set. The set is composed of activities that can be done individually or in groups. These are great for introducing vocabulary to young learners and can be used as a fun, competitive game in class.

I will explain briefly about what is included with this activity below to give you some ideas about how to use it with your learners in the classroom and at home. Enjoy and happy learning!

This set includes 2 different level bingo boards. There is one are 9 bingo different 3X3 boards and 12 different 5X5 boards. These each feature images of the target vocabulary.

This set also includes word cards for each vocabulary item and flashcards for all 12 words with picture and text. These can be used to match the picture to the word. The flashcards can be used to introduce and review the vocabulary prior to and after playing the game.

About this Bingo / Matching Activity

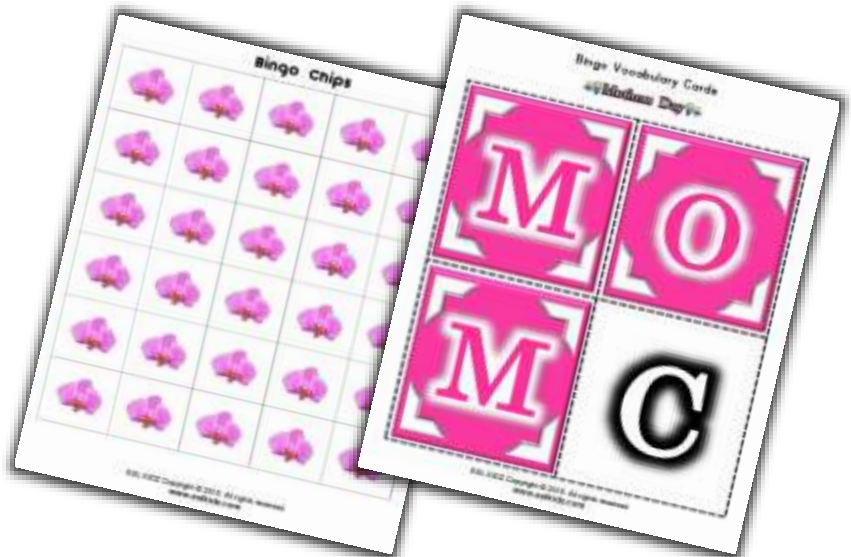

Mothers Day

There are two editable bingo / matching boards also included in this set. You can use these to write the words into each square or to have students draw pictures of the vocabulary related to the theme. The possibilities are endless.

No bingo set would be complete without a set of themed bingo chips and also a set of letter cards to use while calling which space to put the chip on. For example if you are playing "China" bingo, you would call "H - panda". The student would look for the letter H and go down the column looking for the picture or word. If there is a panda in the "H" column, the student could put a chip there.

We hope that these brief explanations have given you more ideas on how you can use these with your learners. Feel free to contact us with feedback, questions, or ideas. Thank you again and enjoy!

Basic Rules for Bingo

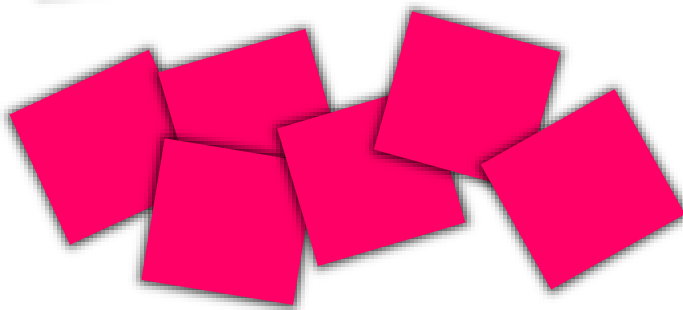

Mothers Day

The Rules for Bingo or Matching games are pretty simple.

- 1.) Give each student a different bingo board.
- 2.) Class leader or teacher will select a random letter from the top of the board and one of the vocabulary items on the board.
- 3.) Students will cover the vocabulary item on the board if it falls under the letter that was called.
- 4.) First student to get 3 or 5 in a row win! Students must say the word at the top of the board to indicate they filled all the squares required.

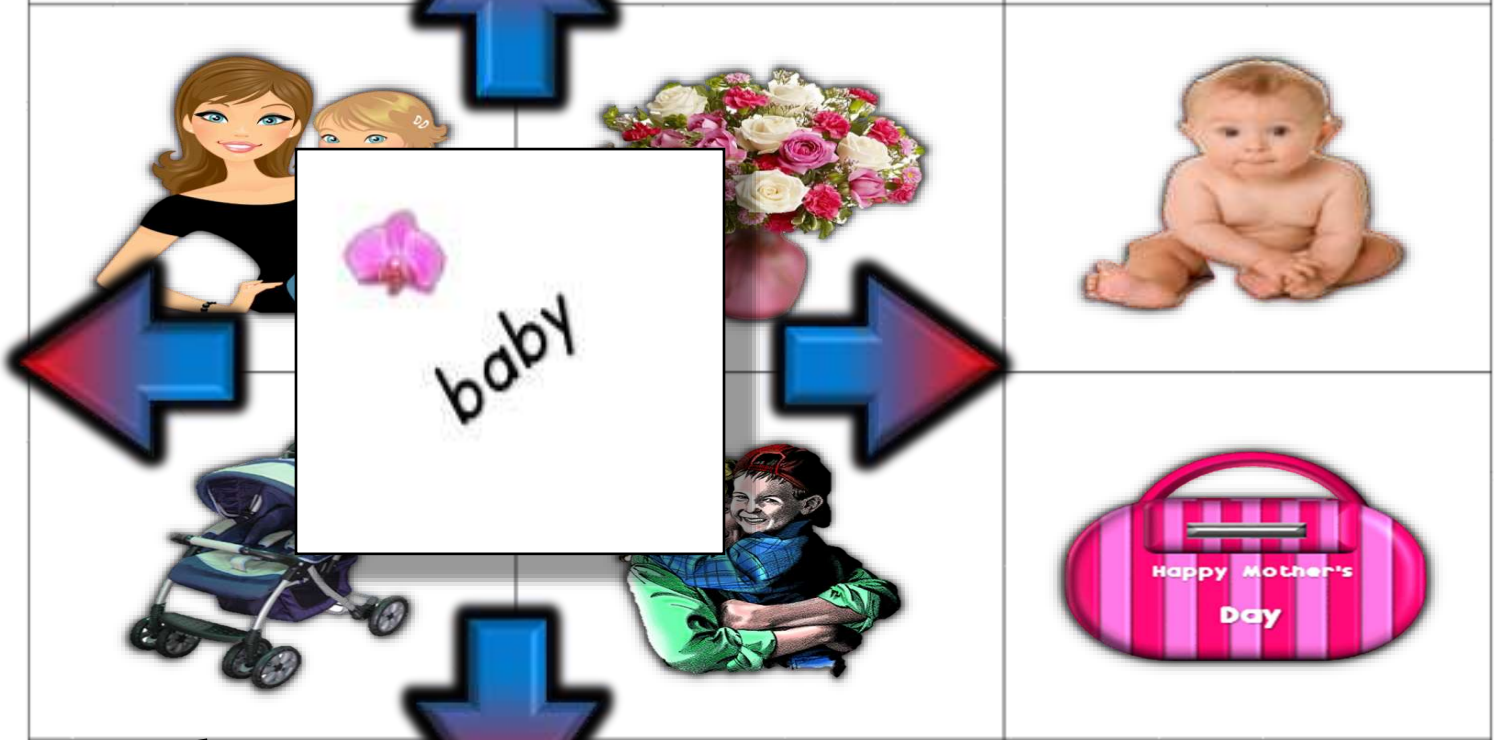

There are variations of how the game can be played. Students can match the word cards to the images on the board or use another method to cover the squares on the board that are called. Feel free to make up your own rules for this bingo / matching set of activities. Let us know what the students think of the game and how well it worked in your classroom.

10,000 Resources and Growing!

Thank you for checking us out here at ESLKIDZ. We are a passionate group of kindergarten and elementary school teachers that love making new resources to use in our lessons and want to share them with others. Creating useful activities for young learners since 2008, we have been successfully providing teachers, parents, and students with valuable materials to help assist in the classroom and at home. For more information about who we are and what we provide check out some of our creations below.

Worksheets and Activity Packs

Themed activity packs and sets with anywhere from 12 to 80 pages of fun for the whole class. The activities include reading, writing, vocabulary, cutting, coloring, gluing, math, games, and customizable templates to create your own activities. These are perfect for holidays, seasons, and basic concepts such as travel and school. These also work well as supplementary material for your own lessons and homework.

Games and Fun

These games are perfect for any occasion and can be printed out and laminated for continued use with your learners. These games include learning vocabulary such as themed bingo and word / picture matching. There are also board style games that can be customized to meet your learning objectives in class. Download our free template board game [here](#).

Flashcards and Fun Money

Large and small themed flashcard sets available to use in class to help students learn and identify vocabulary as well as word and letter recognition. These are best if printed out and laminated for use over and over again. Also, we have over 50 themed sets of [fun play money](#) you can print out and use in class as part of an activity or as a reward system.

Clipart and Images

Check out some great clip art here. We have **robots, cats, cameras, phones, crayons**, and more. It's all free. We just ask that if you use it on your own products, give us some credit. Just say clipart is made by eslkidz. Thanks.
