

Have fun with your young learners with this amazing BINGO game set!

About this Bingo / Matching Activity

SPACE

Thank you for purchasing this bingo / matching activity set. The set is composed of activities that can be done individually or in groups. These are great for introducing vocabulary to young learners and can be used as a fun, competitive game in class.

I will explain briefly about what is included with this activity below to give you some ideas about how to use it with your learners in the classroom and at home. Enjoy and happy learning!

This set includes 2 different level bingo boards. There is one are 9 bingo different 3X3 boards and 12 different 5X5 boards. These each feature images of the target vocabulary.

This set also includes word cards for each vocabulary item and flashcards for all 12 words with picture and text. These can be used to match the picture to the word. The flashcards can be used to introduce and review the vocabulary prior to and after playing the game.

About this Bingo / Matching Activity

SPACE

There are two editable bingo / matching boards also included in this set. You can use these to write the words into each square or to have students draw pictures of the vocabulary related to the theme. The possibilities are endless.

No bingo set would be complete without a set of themed bingo chips and also a set of letter cards to use while calling which space to put the chip on. For example if you are playing "China" bingo, you would call "H - panda". The student would look for the letter H and go down the column looking for the picture or word. If there is a panda in the "H" column, the student could put a chip there.

We hope that these brief explanations have given you more ideas on how you can use these with your learners. Feel free to contact us with feedback, questions, or ideas. Thank you again and enjoy!
